**Stingray Pipeline Company; Notice of  
Tariff Filing**

November 3, 1999.

Take notice that on October 29, 1999, Stingray Pipeline Company (Stingray), tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the revised tariff sheets listed in Appendix A to the filing. Stingray proposes that the foregoing tariff sheets be made effective on November 1, 1999.

Stingray states this filing is made to reflect ministerial tariff changes resulting from the assumption of operating duties by Leviathan Operating Company (Leviathan). Stingray further states that the instant filing specifically modifies the company's address, telephone numbers and personnel titles and designations from its currently effective tariff to conform with the changes due to the assumption of operating duties by Leviathan. Stingray further states that the changes effected by this filing are purely ministerial.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. **Tennessee Gas Pipeline Company;  
Notice of Request for Waiver**

November 3, 1999.

Take notice that on November 1, 1999, Tennessee Gas Pipeline Company (Tennessee), tendered for filing a Request for Waiver. Tennessee requests that the Commission approve its request by November 15, 1999.

Tennessee states that it is requesting a waiver of two provisions of Article X of the General Terms and Conditions of its FERC Gas Tariff to permit it to conduct routine, non-emergency maintenance during a period other than May 1 through November 1, without the obligation to post a tentative schedule of the planned maintenance on Tennessee's Electronic Bulletin Board no later than fifteen days prior to the scheduled activity.

Tennessee states that it is seeking a waiver from the Commission of the first of the two provisions because Tennessee believes that the maintenance work is necessary to avoid any unplanned outages resulting from the failure of any of the related facilities. Tennessee states that it is seeking a waiver from the Commission of the second of the two provisions because Tennessee believes the requirement is unnecessary since Tennessee has already consulted with each of the parties affected by the maintenance and because Tennessee believes that the EBB posting requirement could result in Tennessee missing the opportune time to complete the maintenance work for each project while waiting for the fifteen days to elapse.

Tennessee indicates that the filing does not include revised tariff sheets.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before November 10, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference

Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

**Texas Eastern Transmission  
Corporation; Notice of Proposed  
Changes in FERC Gas Tariff**

November 3, 1999.

Take notice that on October 26, 1999, Texas Eastern Transmission Corporation (Texas Eastern) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1 and Original Volume No. 2, the tariff sheets listed on Appendix A to the filing to become effective December 1, 1999.

Texas Eastern asserts that the purpose of this filing is to comply with the Stipulation and Agreement filed by Texas Eastern on December 7, 1991 in Docket Nos. RP88-67, *et al.* (Phase II/PCBs) and approved by the Commission on March 18, 1992 (Settlement), and with Section 26 of Texas Eastern's FERC Gas Tariff, Sixth Revised Volume No. 1.

Texas Eastern states that such tariff sheets reflect a decrease in the PCB-Related Cost component of Texas Eastern's currently effective rates. For example, the decrease in the 100% load factor average cost of long-haul service under Rate Schedule FT-1 to Market Zone 3 is \$0.0074 per dekatherm.

Texas Eastern states that copies of the filing were mailed to all affected customers of Texas Eastern and interested state commissions. Copies of this filing have also been mailed to all parties on the service list in Docket Nos. RP88-67, *et al.* (Phase II/PCBs).

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations.
